

Falling in love with romance by Gen

Chorus 1:

Melted by your touch,
by the one I love much,
take your hand in mine my love,
it all started with a crush

so much passion I can't even explain,
this is the love that makes me insane....

The one who makes my day,
don't you ever go away,
glad I took the chance,
falling in love with romance

It's crazy how all this began,
with a man...

Verses

I love everything about it
the feeling of love
survey says what do I like bout him
I clicked all of the above

He's so sweet,
yeah it makes my heart melt into pieces
everyday my love increases

all I needed was affection
and you gave me that
I'm obsessing over you yeah
I'm so attached

your always careful with me
with you my soul was set free
this is my feeling of home
without you I'm incomplete

Chorus 2:

Melted by your touch,
by the one I love much,
take your hand in mine my love,
it all started with a crush

so much passion I can't even explain,
this is the love that makes me insane....

The one who makes my day,
don't you ever go away,
glad I took the chance,
falling in love with romance

It's crazy how all this began,
with a man...

Chorus 3:

Melted by your touch,
by the one I love much,
take your hand in mine my love,
it all started with a crush

so much passion I can't even explain,
this is the love that makes me insane....

The one who makes my day,
don't you ever go away,
glad I took the chance,
falling in love with romance

It's crazy how all this began,
with a man...
