

Underneath the sun **by Joshua**

Hey guys let's have some fun
let's play some games
sit underneath the sun (4 times)

Oh yeah let's speed up the tempo
speed up so fast like I'm speed running Nintendo
maybe doing someone sword fights
beatboxin smack talking but everything's
triple the fun when you have some friends
to raise up the stakes yo cmon!

Hey guys let's have some fun
let's play some games
sit underneath the sun (2 times)

Oh yeah the adrenalines pumpin,
pumpin so fast that it's faster than sonic
boost!
up into the stratosphere
I think I can see Saturn from here!
Even when the day is over
fun will never end and
relax chill out cause
the weekends around the corner

Hey guys let's have some fun
let's play some games
sit underneath the sun (3 times)

Musical interlude: guitar and violin

Hey guys let's have some fun
let's play some games
sit underneath the midnight moon
