Te Amo Means I love you

1 of 2

Lyric sheet

Intro: Guitar and Violin (4 measures)

**Te amo means I love you
but you don't love me back
that's why every night in bed
I have a heart attack
told you the words I love you
now I'm regretting that...
what good do you see in that?**

**The first time that I met you
you were having so much fun
then the last time that you saw me
you decided to run
told you the words "I love you"
and what's so wrong with that?
just that you never said it back**

Can't handle this silence between us
there's something we gotta discuss
people asking me "What's going on between us"
I can't deal with this fuss
I've just had enough

don't wanna be all alone
so can you please just talk to me
just for a bit
you left me with a wound
I gotta get rid of it
You've been going ghost
what's up with that?
Never picked up the phone
never called me back

Violin & Guitar interlude (8 measures)

I loved you with my heart
you tore it apart
what you did to me was lame
don't you think?
I've been waiting too long
I think it's time I move on
it's too late for you now
